An act to add Section 5093.346 to the Public Resources Code, relating to natural resources.

LEGISLATIVE COUNSEL'S DIGEST

AB 2074, as introduced, Monning. Natural resources: Andrew Molera State Wilderness.

The California Wilderness Act establishes the California wilderness preservation system, which is composed of state-owned areas designated by the Legislature as "wilderness areas" and units of the state park system classified as "state wildernesses" by the State Park and Recreation Commission. The act designates various areas as components of the California wilderness preservation system.

This bill would designate the Andrew Molera State Wilderness as a component of the California wilderness preservation system. The bill also would authorize the California Coastal Trail to be located, designed, constructed, or operated within the Andrew Molera State Wilderness.
